Optimum  
T4200 Family

Paper  
Roll

A/C Power Adapter

RJ11 Cable  
(Telephone Cable)

Power Cord

The *Optimum T4200 Family Terminal Installation Guide* provides basic setup information to any device within the Optimum T4200 Family.

Note: Images within this guide may not exactly match your device.

## Power & Cable Connections

1  
Wiring Clip  
Turn the terminal over. With your fingers, remove the wiring clip from the back of the terminal (as shown).

2  
Labeled Ports  
Labeled ports on the back are defined as:  
- LINE port = RJ11 (telephone) cable  
- POWER port = A/C Power Adapter & Power Cord  
- SERIAL port = RS232 cable  
- PIN PAD port = PIN pad cable  
- NET port = Ethernet cable

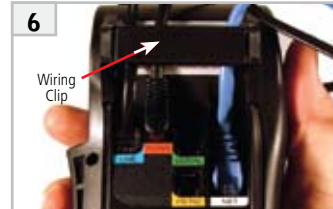

3  
POWER Port  
Connect Power Cord to A/C Power Adapter. Insert A/C Power Adapter into POWER port (as shown). Turn connector counterclockwise, toward back of the terminal, to lock in place. Insert other end of the Power Cord into the wall receptacle.

4  
LINE Port  
Insert RJ11 cable into LINE port (as shown).

5  
NET Port  
Insert Ethernet cable into NET port (as shown). Note: Bend the cable 90° at the base of the connector.

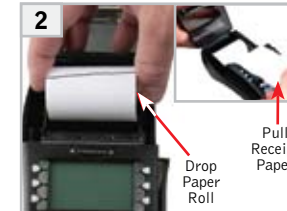

6  
Wiring Clip  
With your fingers, re-insert the wiring clip over the cables (as shown).

## Receipt Paper Installation

1  
Printer Cover  
With your fingers, open the printer cover (as shown).

2  
Drop Paper Roll  
Pull Receipt Paper  
Drop paper roll into paper holder (as shown). Pull paper (as shown) & close printer cover.

3  
Paper Receipt Guide  
Pull & tear paper against the paper receipt guide. Operate terminal as normal.

## Swiping Your Credit Card Inserting Your Smart Card

1  
Credit Card  
Bi-directional Card Reader  
Swipe credit card through the card reader with a downward or upward motion (as shown).

1  
Smart Card Reader  
Smart Card  
Insert smart card (gold chip side up) into the smart card reader (as shown).
